The Editorial Board of Biointerface Research in Applied Chemistry is pleased to inform contributing authors that the Journal has recently received acceptance for Scopus indexing (figure 1). We were also informed that that old published papers (from 2011 to 2014, 328 papers) will be indexed in ISI Web of Science Database and the journal will receive soon its first impact factor.

Biointerface Research in Applied Chemistry is grateful to all contributors for valuable paper submission which enabled the Journal to meet high quality standards for Scopus and Web of Science Databases indexing.

We are cordially inviting old and new authors to submit their most interesting and recent results as a research paper or

innovative ideas clustered as short reviews to the Biointerface Research in Applied Chemistry Journal.

High interest topics and cutting-edge technologies on the field will be highlighted in thematic special issues, organized by internationally recognized guest editors.

On behalf of the Editorial Board,

Editor in Chief,

Publisher: AMG Transcend Association

Dear Dr. Alexandru Mihai Grumezescu,

The title mentioned above has been evaluated for inclusion in Scopus by the Content Selection & Advisory Board (CSAB). The review of this title is now complete and the CSAB has advised that the title will be **accepted** for inclusion in Scopus. For your information, the reviewer comments are copied below:

The title has been accepted because it consistently publishes articles of high academic quality that are of potential interest to an international audience.

Our Source Collection Management department will contact the publisher of this title within the next three months to initiate the indexing process for Scopus. A content coverage agreement needs to be in place before we can start adding the content to Scopus.com. If you are the publisher, please do not send us your content yet unless requested by our Source Collection Management department

Yours sincerely,

Scopus Title Evaluation Support
